Bilby HOME PAGE - Overview (Phone or narrow screen)

The location of some features is different on narrow screens. These are just a few examples:

7. **MENU (with 3 stacked lines)** :

Drop-down menu contains both **ACTIVITIES & MEMBERS** options - combined menu on LHS, rather than separate menus in the centre.

Tip: LANDSCAPE orientation is easier to use than **PORTRAIT** on an iPad - same layout as Computer screen.

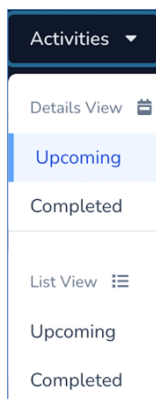

SBC Logo (hiker) & Sutherland Bushwalkers (text) - both **LINKS** are in the centre rather than the LHS.

8. MY ACCOUNT drop-down menu is on **RHS** (same), but menu options & sidebars open in different locations Eg across the whole screen.

'DETAILS VIEW' of an Activity - only one activity **preview** fits on the screen. Scroll down to see more.

Tip: 'LIST VIEW' may be a better option to see multiple activities on a phone. Use **LINK** in dropdown menu (3 stacked lines) on **LHS** of the black **HEADER**.

Bilby HOME PAGE - More Information (Computer screen):

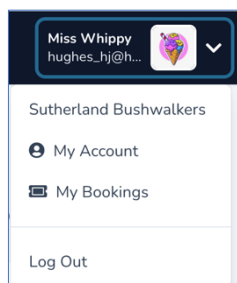

1. ACTIVITIES - Dropdown Menu: Choose **DETAILS VIEW** or **LIST VIEW** for either **Upcoming** or **Completed Activities**.
