

EQUIPMENT AVAILABLE FOR LOAN

Sutherland Bushwalkers has a small range of safety and overnight hike equipment available for loan to members for use on Club activities. We recommend that new members first borrow equipment for overnight hikes and ask other members for advice before purchasing their own equipment.

To borrow equipment, contact the club's Equipment Officer at least a week before your trip. Contact details are listed on the last page of each quarterly Activity Program.

A deposit of \$30 is to be paid when borrowing items, except Safety Equipment.
